

Shepherdswell Academy

Sports Premium Strategy 2022 - 2023

At Shepherdswell Academy, we understand the importance of physical education and healthy living. We deliver an inclusive curriculum, which includes quality PE. Cross-curricular links are also being covered through PE helping to ensure good or better progress, not only in Physical Education but also across the curriculum.

Aims

The National Curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives.

By the end of each key stage pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study.

At Shepherdswell Academy we aim to inspire all children to enjoy and immerse themselves in all different forms of sport. We endorse the purpose as stated in the 2014 National Curriculum. We believe physical education and sport is an essential for children leading a healthy physical and mental lifestyle. We believe that sport helps to develop the whole child academically, emotionally, socially and physically. Furthermore, the knowledge and skills gained from a young age in sport are accessed and utilised throughout later life.

All children at Shepherdswell Academy experience two hours of timetabled physical education every week, as well as the opportunity to take part in a variety of extra-curricular sporting clubs. We aim to offer a balanced and varied program of sport to provide all pupils with the opportunity to develop a good level of fitness, key skills and the knowledge necessary to apply those skills in different contexts throughout their lives. We want the children to see that sport is a vital part of school life and to see the connection with sporting skills to other contexts and achievements in life.

Shepherdswell Academy aims to raise the aspirations of children, encouraging them to acquire skills to perform a variety of physical activities for every student within the school regardless of their sporting talent, physical and mental abilities or disabilities. With our provision of breakfast club, active play and extra-curricular clubs, at Shepherdswell we endeavour to provide opportunities and enrichment for all children and in turn, impacting positively on the school and wider community. Accountability:

The Headteacher and the Senior Leadership Team will regularly and rigorously monitor, evaluate and review the impact and progress of the provisions we have put in place for the catch-up strategy and report to the East Midlands Academy Trust.

Together, we learn and grow
